TEAK CLEANER

TS Powder

Technical Info

Teak Solutions Teak cleaner Powder is a **NEW** high performance, concentrated teak cleaner. Even though its **Environmentally friendly**, it is very effective at cleaning and brightening your teak without removing the soft fibres. **TS Teak Cleaner Powder** mixes easily in water and is designed to not harm you, your teak, seam sealant, hardware or paint. This product has been formulated to represent one of the most advanced truly "GREEN" teak cleaner powder in the marine industry today.

- **Concentrated** – Dilute with water.
- Removes mold & mildew stains.
- Tough on dirt, gentle on teak.
- Economical cleaning solution.
- Meets Global Marina Programs / MARPOL regulations for clean environment.

DIRECTIONS FOR USE:

FOR LIGHT CLEANING:

1. Mix minimum 1dL / 0,1L of TS Powder in approx 3,5 litre of fresh water in a suitable bucket with easy access for a white scrub pad or soft deck brush.
2. Apply **TS Powder** solution and lightly scrub the teak across the grain, never with the grain. Allow to soak for 10 minutes.
3. If applying in direct sunlight, rinse in a timely manner to avoid having the released dirt and solution dry. If surface starts to dry, apply more cleaner.
4. When rinsing, lightly brush the deck to help release the deep imbedded dirt. Thoroughly rinse the entire area with water and squeegee off the excess.

FOR HEAVY CLEANING:

1. Lightly wet out the deck areas to be cleaned.
2. Scatter powder sparingly over the deck.
3. Scrub thoroughly across the grain with a white scrub pad or soft bristle brush.
4. Rinse thoroughly and squeegee off excess water.

Warranty: Teak Solutions Teak Cleaner Powder will perform as specified when directions are followed. No other warranty is expressed or implied. Liability limited to purchase price only.

TEAK CLEANER

TS Liquid

Technical Info

Teak Solutions Teak Cleaner Liquid has been formulated as a 2 in 1 product. It is an advanced cleaning liquid designed specifically for the yacht and marine industry. TS Teak Cleaner Liquid is designed to not harm you, your teak, seam sealants, hardware or paint. It is a **NEW** concentrated solution which can be used in various dilutions, from concentrated direct from the can, to diluted in fresh water up to 1:20. TS Liquid cleans and brightens teakwood, similar to harsh 2 part cleaners helping restore the original golden colour.

- Environmentally friendly.
- **Concentrated** Liquid, ready-to-use in various dilutions.
- Tough on dirt, gentle on teak.
- Cleans & brightens.
- Meets Global Marina Programs / MARPOL regulations for clean environment.

DIRECTIONS FOR USE

FOR LIGHT CLEANING:

1. Pour TS Liquid to a suitable bucket and dilute it maximum up to 1:20, make sure the bucket is large enough for easy access by your white scrub pad or soft deck brush.
2. Wet out the area of teak to be cleaned.
3. Apply TS Liquid and lightly scrub the teak across the grain, never with the grain. Allow to soak for 10 minutes.
4. If applying in direct sun, rinse in a timely manner to avoid having the released dirt and solution dry. If surface starts to dry, apply more cleaner.
5. When rinsing, lightly brush the deck to help release the deep imbedded dirt. Thoroughly rinse the entire area with water and squeegee off excess.

FOR HEAVY CLEANING:

1. Pour TS Liquid in full strength to a suitable bucket, make sure the bucket is large enough for easy access by your white scrub pad or soft deck brush.
2. Do not wet the area of teak to be cleaned.
3. Apply TS Liquid and lightly scrub the teak across the grain, never with the grain. Allow to soak for 10 minutes.
4. If applying in direct sun, If surface starts to dry, apply more cleaner.
5. When rinsing, lightly brush the deck to help release the deep imbedded dirt. Thoroughly rinse the entire area with water and squeegee off excess.

Note: On large areas, use of rotary cleaning machines with dispenser tanks and polypropylene bristle brushes is appropriate. However, brushes should not be worn to the point they are short and/or stiff. Short, stiff brushes will cause damage to the teak and caulking.

Warranty: Teak Solutions Teak Cleaner Liquid will perform as specified when directions are followed. No other warranty is expressed or implied. Liability limited to purchase price only.
